

AI LITERACY · TRAINING RECORD

Certificate of Completion

9senses AI Literacy for Teachers

This certifies that

Minerva McGonagall

has completed the 9senses AI Literacy for Teachers training (version 1.0-draft.1) and passed the assessment with a score of at least 80 percent.

TRAINING COVERAGE

- AI foundations: what AI is, how it works, and where it is used
- Machine learning, generative AI, and agentic AI: capabilities and limitations
- Responsible creation of teaching materials with AI
- Student learning, cognitive offloading, and appropriate AI support
- Preparing students for an AI-enabled world
- Assessment design that provides trustworthy evidence of student capability

ISSUED

August 28, 2026

TRAINING VERSION

1.0-draft.1

ASSESSMENT

Passed · minimum 80%

This training supports baseline AI literacy for educators. Completion alone does not establish legal, safeguarding, data-protection, or professional-policy compliance. This certificate was generated in the participant's browser; 9senses stores no personal data. The verification key cryptographically confirms the course, name state, date, and training version shown.
